Mr. Abraham Velez-Miranda

Dear Mr. Velez-Miranda:

Your letter of February 11, 1978 to Chairman Edward P. Boland, House Permanent Select Committee on Intelligence, has been referred to me for response. The five documents/publications you have requested are all available through the Library of Congress. I am sure that you will understand that the CIA could not possibly service all requests for material which we publish, but I am sure the Library of Congress will give you quick service.

Thank you for your interest.

Sincerely,

Acting Legislative Counsel
